Vision

At Aldbury, we are guided by our core values of Respect, Responsibility, and Friendship, ensuring that every child can 'live life in all its fullness' (John 10:10). We foster a nurturing, inclusive environment where children respect and embrace difference, take responsibility for their learning, and build supportive friendships. Through a rich curriculum and strong community ties, we inspire wisdom, hope, and joy. Rooted in our core values, we empower every child to flourish, care for God's creation, and love their neighbour as themselves.

Vocabulary

Children with a broad vocabulary find it easier to understand what they read, helping them enjoy books and access learning across all subjects.

Knowing more words gives children greater choice and precision in their writing, making their ideas clearer and more engaging.

A wide vocabulary helps children express their thoughts and feelings more confidently, building self-esteem and social skills.
