

Focus

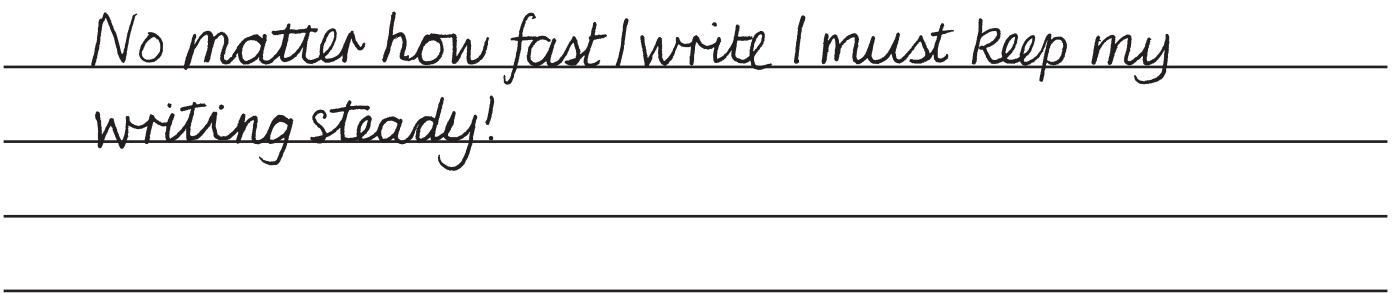

A Practise writing these patterns. Gradually increase your speed.

B Copy this sentence. Try to improve the smoothness of your writing as well as the speed.

C Copy this sentence. Remember to move your hand at a steady speed with no jerky movements.

D Find your writing speed. Divide the number of letters written by the number of minutes taken, like this:

$$\frac{\text{Number of letters written}}{\text{Number of minutes taken}} = \text{writing speed (in letters per minute)}$$

Record your score here.

My writing speed is letters per minute.

Practising fluency, speed and legibility
